Policy and Procedures for Overseas Handling,
Processing and Reporting on Selected Nationally
Programmed Photographic Reconnaissance Missions
(Excluding Satellite Reconnaissance)

1. PURPOSE: To establish policies and procedures for the overseas handling, processing, and reporting on selected nationally programmed photographic reconnaissance missions. (DEFINITION: Nationally programmed photographic reconnaissance missions are those conducted by the [] 25X1 National Reconnaissance Office (NRO) or other agencies in response to United States Intelligence Board (USIB) requirements.)

2. CANCELLATION: Upon implementation of these policies and procedures

25X1

3. GENERAL: In order to provide for the most expeditious processing and 25X1 reporting of nationally programmed photographic reconnaissance missions,

[]
 processing and reporting facilities will be used to meet United States intelligence needs consistent with operational considerations.

The determination of assignment of a nationally programmed task for these field units will be the subject of consultation between the USIB and the NRO and is subject to the approval of each. When field processing and read-out are directed, these centers will be responsible, primarily, for processing to meet [] NRO standards and expeditious reporting in response to requirements of the USIB and, additionally, requirements of the respective parent Unified Command.

25X1

4. FACILITIES: In order to provide the required facilities and personnel, the Department of Defense (DoD) has designated as [] 25X1
